Göttingen Campus Q^{PLUS}

Quality Programme for Student and Academic Services

Göttingen Campus Q^{PLUS}
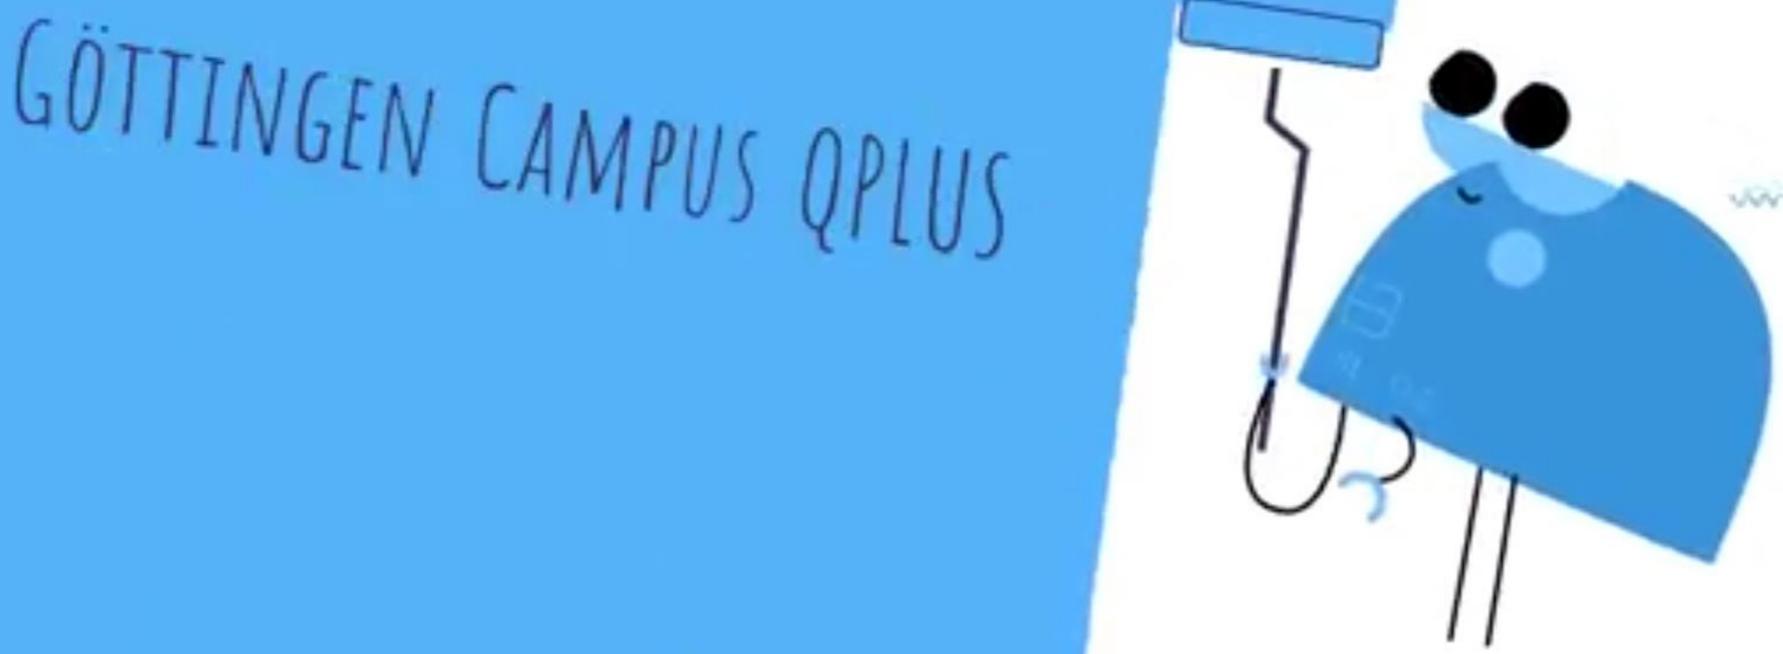

- Quality programme for Student and Academic Services: constant improvements of study conditions and the quality of teaching

- Establishment of offers to allow students to have a successful course of studies and support teachers in their professional development

- Funded by the Federal and State Government Programme for better study conditions and better quality in teaching (Higher Education Pact)

- Two funding phases: 10/2011 – 09/2016: 17 Mio. Euro
                          10/2016 – 12/2020: 15 Mio. Euro

More than 25 projects in five different fields of action

Further development of the introductory phase of studies

Temporary professorships and additional chairs

Quality management in Student and Academic Services

More professional development courses for teaching staff, study advisors and supervisors to upgrade their qualifications

Freedom for innovations

Tag der Lehre
2018

Field of action I: Introductory Phase

– Manifold consulting and support services to adapt to the growing heterogeneity of potential students

– Aim: facilitate the start into higher education and thus reduce the dropout rate during the first semesters

✓ Student Ambassadors

✓ Virtual Study Orientation

✓ Propaedeutic Studies in Mathematics, Computer Sciences and Physics

✓ Information on barrier-free studying

✓ Better study and examination advisory services

Field of action II: Professorships

- Aims: Improvement of student-staff ratio and offering of additional courses in highly demanded degree programmes, increase of attractiveness of studying in Göttingen

✓ Early Professorships

Prof. Dr. Dr. Fabian J. Froese
Faculty of Business and Economics

Prof. Dr. Matthias Krüger
Faculty of Physics

Prof. Dr. Tine Stein
Faculty of Social Sciences

Prof. Dr. Christoph Bleidorn
Faculty of Biology and Psychology

Prof. Dr. Carola Paul
Faculty of Forest Sciences and Forest Ecology

N.N.
Faculty of Agricultural Sciences

✓ Increase in staff to support students with higher need for assistance

Field of action III: Quality Management

– Ongoing evaluation and quality control of courses and ranges of studies

– Aim: Early discovery of problems and difficulties with teaching and learning and creation of solutions

✓ Further development of quality closed loops

✓ Establishment of degree programme-monitoring for the University and the University Medical Centre

✓ Data management and analysis
