4. Academic Preparation

Before coming to Geneva, students should select the courses they wish to attend using the course catalogue: www.unige.ch/progcours.html or the website of the Faculty/Institute/Department. Ideally, the courses selected should have been already approved by the sending institution. The yearly course catalogue is published every summer. Fall semester applicants must base their selection on courses from the previous year and adjust later. It is possible to browse by faculty, department, semester, level and teaching language.

We invite the students to pay special attention to the semester (automne/fall or printemps/spring) and the level (Bachelor, Master) of each course they would like to attend as well as [the restrictions](#).

Students must fill in a provisional list of courses (study plan) during the online registration process. The academic advisors in Geneva may suggest amendments and will validate it (see below 6. Acceptance Process).

4.1. Restrictions

- Students at the Bachelor's level are not allowed to take courses at Master's level (except courses from the Faculty of law).
- The students have to choose courses mainly in the Faculty/Institute of the agreement.
- Courses may be chosen from two different Faculties/Institutes at the most.

6. Acceptance Process

Applications are sent to Faculties for approval. Academic advisors in Geneva may suggest amendments to the provisional list of courses and will validate it.

Letters of acceptance will be sent on a first come – first served basis. Any incomplete registration will imply a longer time to receive the letter and additional information necessary for administrative procedures.

7. Additional Information

Please consult [our webpage](#). More details will be provided with the acceptance letter.

7.1. Visa and Residence Permit

- EU and EFTA citizens do not need a visa to enter Switzerland but like all foreign citizens, they need a residence permit. EU and EFTA citizens apply once arrived in Geneva for a residence permit.
- Non-EU citizens may require a visa and must contact the nearest Swiss embassy 3 to 5 months before entering Switzerland in order to inquire about the visa procedure and/or the residence permit.

NEW since August 2022: Third state members¹ (non-Schengen) in possession of both a valid residence permit issued by a Schengen member state or a valid type D visa and a recognized and valid travel document are exempt from visa requirements.

For example, a student with a Chinese citizenship holding a valid French residence permit (Schengen) during the studies does no longer need a visa to come to Switzerland. Nonetheless, as any person staying more than 3 months in Switzerland, the student will need to apply for a Swiss residence permit.

Overview of ID and visa provisions according to nationality:

https://www.sem.admin.ch/sem/en/home/publiservice/weisungen-kreisschreiben/visa/liste1_staatsangehoerigkeit.html

To assess your options for how to apply for a visa based on your legal residence:

<https://www.swiss-visa.ch>

The visa will allow entry into Switzerland. Students should also request a residence permit from the Geneva Migration Office (OCPM) prior to arrival in Switzerland, by regular mail.

More details: <https://www.ge.ch/demander-permis-sejour-etudiant/je-suis-ressortissant-etat-hors-ue/aele> (in French only).

7.2. Housing

It is difficult and expensive to find accommodation in Geneva. The University Housing Office ("[Bureau des Logements](#)"- [BLOG](#)) and "[Cité Universitaire](#)" provide student residences. Due to a high demand and low availability, there is no guarantee that all the applications receive an offer.

IMPORTANT: Please note that the BLOG will give priority for students requiring a visa to come as well as for students coming from university member of the [4EU+ Alliance](#).

Students are invited to apply using the following web link valid for both BLOG and Cité Universitaire: <https://www.logetud.ch/>

¹ Some exceptions exist. See the web link below for updated information

7.3. Cost of living in Geneva

The average cost of living for a student in Geneva is approximately CHF 2,000 per month. This includes rent (~CHF 500*), food and basic necessities (~CHF 600), and health insurance (~CHF 100).
**Housing in student residences. The cost on the private market might be at least twice.*

Students will have to prove financial capacity (statement of account and assets), both for visa and residence permit requests.

7.4. Insurance

Health insurance is mandatory in Switzerland (accident and health). Students may request recognition of their private insurance or subscribe to a student insurance plan upon arrival in Switzerland (about CHF 100 per month). European Health Insurance Card is recognized in Switzerland for health and accident insurance as long as the student does not work in Switzerland (including unpaid internship).

7.5. Termination of Agreement

In the event of unilateral termination, a notice of at least one academic year should be given. This means that a unilateral decision to discontinue the exchanges notified to the other party by 1 September 20XX will only take effect as of 1 September 20XX+1.

7.6. Transcripts of Records

A Transcript of Records will be issued no later than 5 weeks after the assessment period has finished at our institution. Transcript will be sent by the Faculties to the student's address in Europe.

7.7. Grading system

The University of Geneva uses a grading scale ranging from 0 to 6.00, with 4.00 representing a passing grade. Furthermore, grades are converted into a letter system ranging from A to F (hereafter known as the ECTS scale), in line with one of the objectives of the Bologna reform. This conversion facilitates comparison amongst different European grading scales.

ECTS Scale and equivalent UNIGE Grading Scale

| | ECTS Scale | UNIGE Grading Scale |
|--------------|------------|------------------------|
| Excellent | A | 6.00, 5.75, 5.50, 5.25 |
| Very good | B | 5.00, 4.75 |
| Good | C | 4.50 |
| Satisfactory | D | 4.25 |
| Pass | E | 4.00 |
| Fail | F | < 4.00 |
