ISCAP EXCHANGE PROGRAMME 2025-2026

1. The Exchange program is divided into several independent Study Plans.

After having analysed the proposed Study Plans, you should choose the ONE that fits you best and then select the courses in the e-learning agreement accordingly.

IMP: Only after submitting the OLA and the e-application form will your application be valid.

1.1 Each plan allows some flexibility, so you can add a language (Portuguese is always a good choice😊) or any other courses in the grey area.

When the schedules are published, in the beginning of the semester, you can do some changes in your learning agreement, combining plans and courses, provided there are still vacancies and no overlaps.

1.2 You can follow master courses, even if you are a Bachelor student.

2. In order to **check the syllabi/description** of the courses, please go to:

https://drive.google.com/drive/folders/1ODFolwa5ntTa_UzOAWRBy6fJcp7mSPty?usp=drive_link

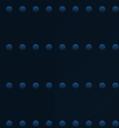

- **courses will only take place if a minimum of 15 students are enrolled (except in special cases).**
- **minor changes in the offer may occur.**

If you have any questions, please contact us to gri3@iscap.ipp.pt .
