

We are hiring!

Research network ZERN (Prof. Hüttel)

1 Research assistant (m/f/d) in the field of agricultural, environmental economics and/or consumer research

Salary scale TV-L-E13 | limited to 26 months | 65% | start as soon as possible

The project:

The **ZERN - "Future of Nutrition in Lower Saxony" research network** aims to support the transformation of the agricultural and food system in Lower Saxony, which is under increasing pressure to adapt.

Your responsibilities (among others):

- Planning and conducting surveys and analyses with a focus on the acceptance of pig husbandry systems
- Climate change impact and farm animal welfare analysis
- Empirical data analysis of survey, experimental and observational data

We offer:

- Integration in a highly-motivated, interdisciplinary network within and beyond ZERN
- Insights into practical topics relating to the agricultural and food sector
- Flexible working hours and a great team

„We are looking for team
players with enthusiasm
for agriculture and food
industry“

application deadline
20.08.2025
